

**WASTE TO VALUE**  
DEVELOPING THE VISION FOR A GROWING  
AFRICAN WASTE ECONOMY

1-4 SEPTEMBER 2015 | CAPE TOWN INTERNATIONAL CONVENTION CENTRE

# OFFICIAL INVITATION FOR NATIONAL RECYCLING FORUM

Dear Colleague

I am proud to announce African Waste Week 2015. This important conference & expo will cover all the essentials for participating in and benefiting from the growing waste economy in our country.

Therefore I urge you to book your seat at this event so that you can ensure that you are developing your knowledge and skills in this sector.

I have no doubt that you will receive significant benefit from your attendance.

Sincerely,  
Septi M. Bukula,  
OSIBA Management

## WHY ATTEND?

The **Hon. Minister Edna Molewa** this week stated that government is waging war on waste and prioritising contributing to the development and growth of the recycling economy. Therefore, as a local government official you are going to be under pressure to ensure that you are not only reducing waste-to-landfill but realising commercial benefit from the waste in your municipality.

African Waste Week is designed specifically to help all stakeholders benefit from the **R100b potential in the waste economy**. Through local and international experts you will **learn how to reduce the amount of waste sent to landfills and realise the value it has**.

During the event you will also be exposed to insights into the **key legislative factors governing waste management** and also how best you can **plan the future of your waste management**.

There is no better 2-day event for you to be able to network with and learn from your peers and the private sector.

**Invest in the development of your knowledge and skills today!**

## PRICING

Through our partnership with Thebe Reed Exhibitions we have secured a discount off the standard pricing of the conference for all association members.

Receive 33% off the conference prices when quoting the code.
