APPLY TODAY

IFAT Africa, so much more than just an exhibition

### LISTEN AND LEARN FROM THE EXPERTS

Visitors can take advantage of a comprehensive industry-focused Forum Program with the opportunity to see industry experts, trade associations and business partners presenting the latest product developments, trends and market analyses in the form of presentations, and/or panel discussions.

### INNOVATIONS & EXHIBITOR SUCCESS

Visitors will have the opportunity to engage with exhibitors who will be showcasing their latest innovations, products and projects through case studies presented at the Speaker's Corner.

### NEW PRODUCTS AND TECHNOLOGIES

With over 6 000 m<sup>2</sup> of exhibition space, the exhibition will provide a host of products and technologies to assist with all your challenges and organizational needs.

### NETWORK AND DO BUSINESS

Meet over 2 000 professionals from the water, sewage, refuse and recycling industries. Engage with current customers and meet new partners, professionals and thought leaders in the industry.

## What our exhibitors have to say

**Endress+Hauser (Pty) Ltd**  
**Su-Anne Willemse**  
**Marketing and Communications Manager**

"After the success of the 2015 IFAT Africa exhibition, Endress+Hauser will again be exhibiting the latest equipment and solutions for the water and waste water industries. We will focus on the ever-increasing demand for water and final effluent quality and how to monitor these critical parameters."

**KSB Pumps and Valves (Pty) Ltd**  
**Annett Kriel**  
**Media & Events Manager**

"KSB Pumps and Valves views IFAT Africa as an excellent opportunity to interact in a meaningful way with pump buyers and users from the water and sewage treatment industries. We are also taking the opportunity to showcase our technologically advanced products and solutions to this valuable audience."

**WEC Projects**  
**Graham Hartlett**  
**Commercial Director**

"WEC Projects is excited to be participating in this year's IFAT exhibition. The event allows us the opportunity to showcase our unique solutions and exclusive technologies for our clients in the water and sewage treatment sector. It is a fantastic platform for meaningful interactions with our clients."
